Sir:

In reply to the July 17, 2002 Office Action, please amend the above-identified application as follows:

IN THE CLAIMS:

Please replace claim 1 as follows:

1. (Twice Amended) A method of time slicing a telecommunications call, comprising:

 connecting a caller to a subscriber of a time slicing service; then;

 determining if the subscriber is available to continue the call from the caller;

 connecting the caller to an alternate device that provides alternate services when the subscriber is not available to continue the call;

 terminating the alternate services and resuming communication between the caller to the subscriber when the subscriber is available to continue the call; and
